# CrystalCoat™

EXTERIOR COLOR COATINGS

Choose an exterior color to create two-tone windows and doors. The color coating will be applied to the exterior and the interior will remain white. All white is standard.

Colors shown are not exact and may vary. Please see available color samples.

## Features & Benefits

DESIGNED FOR EFFICIENCY, BEAUTY & STYLE

- **Quality vinyl**  
15-point inspection program for quality assurance.
- **Efficient design**  
Multichambered frame and interlocking sash with weather strips provide strength and efficiency. Casements and awnings feature dual-seal compression.
- **Energy-efficient glass**  
Insulated glass (dual pane) units with a high-performance spacer system. Vista PLUS and Buena Vista feature a stainless steel spacer.
- **User-friendly sash**  
Slider and single hung effortless locking with easy sliding dual rollers and steady balances. Casement and awning smooth-action locking with easy operator and folding handle.

## Vista Series

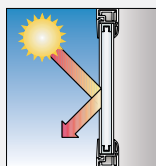

QUALITY & HIGH PERFORMANCE WITH VALUE

Vista Series includes Vista windows, Vista PLUS windows, and Buena Vista sliding doors. A variety of energy-efficient types and styles are available for new construction and replacement projects.

Every Vista Series window and door is custom made to your specifications using quality vinyl and high-performance glass. Vista Series windows and doors are durable and stylish with features and options that make them the clear choice.

Recommended  
For Title 24

Performance Glass  
LowE3 + Argon

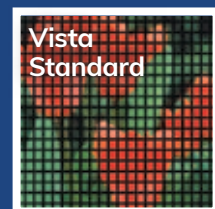

LowE3 glass with Argon lets light in while blocking much of the sun's UV rays. It helps keep the indoors comfortable by reducing heat gain from the sun and heat loss when it's cold.

## Better Screens

EASY TO REMOVE FROM THE INSIDE

CrystalView™ screens include a sturdy pull rail and an improved-visibility screen mesh that repels water and resists dirt and grime. Standard screens include two corner pulls and a conventional screen mesh.

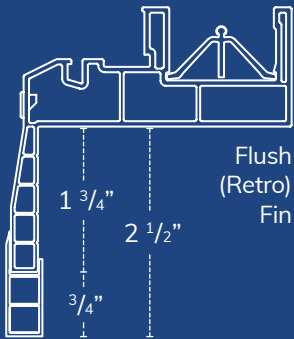

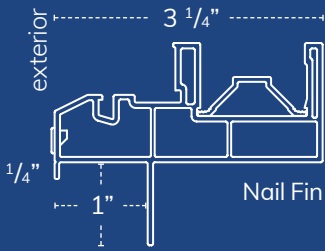

**WARNING:** Screens are not fall prevention devices. Please take proper precautions.

# Nail & Flush Fin

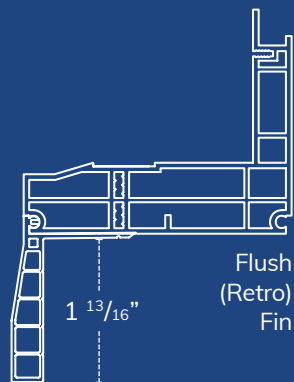

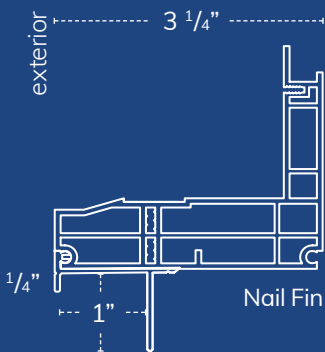

## FRAME (SILL) CROSS SECTIONS
